

COURSE OUTLINE: ExtremeControl – Management

ASSOCIATED CERTIFICATIONS

ExtremeControl –
Management

COURSE DURATION

2 Days

DELIVERY METHOD

Available as Classroom
Instructor-led training and Virtual
Instructor-led training.

COURSE OVERVIEW

Students will learn to properly manage their ExtremeControl engine. Students will also deep dive into the ExtremeControl rules engine and learn to manipulate network end-systems with authorization. Extreme Policy components and structure will be looked at, as well as integration with ExtremeControl. For students without Extreme Policy capable devices, ExtremeControl policy mappings will be examined to maximize ExtremeControl's capabilities throughout a multi-vendor network. ExtremeControl integration with ExtremeAnalytics and ExtremeCloud™ IQ will also be demonstrated. Students will have these concepts reinforced with hands-on lab experience managing ExtremeControl in a preconfigured network.

WHO SHOULD ATTEND

This course is designed for individuals responsible for managing ExtremeControl engines and network end-systems.

MANDATORY PREREQUISITE

Students should already possess a learning credential for ExtremeControl - Installation and Configuration.

COURSE OBJECTIVES

Upon completion of this course, students will have gained the working knowledge to:

- Navigate, manipulate, and create ExtremeControl Dashboards
- Configure ExtremeControl Administration options
- Configure ExtremeControl engine options
- Understand and demonstrate authorization with ExtremeControl
- Utilize and manipulate the ExtremeControl rules engine
- Learn the components and structure of Extreme Policy
- Integrate ExtremeControl with ExtremePolicy
- Integrate ExtremeControl with ExtremeAnalytics
- Integrate ExtremeCloud IQ - Site Engine and ExtremeControl with ExtremeCloud IQ
- Understand ExtremeControl Alarms and Events
- Understand and create ExtremeControl Reports
- Earn a learning credential on the Professional Program training path

AGENDA

- ExtremeControl Dashboards
- ExtremeControl Administration
- ExtremeControl engine options
- ExtremeControl rules engine
- ExtremeControl Deployment with Authorization
- Introduction to Extreme Policy
- ExtremeControl integration with Extreme Policy
- Introduction to ExtremeAnalytics
- ExtremeControl integration with ExtremeAnalytics
- ExtremeControl Alarms and Events
- ExtremeControl Reports
- ExtremeCloud IQ - Site Engine and ExtremeControl integration with ExtremeCloud IQ
